RE: Accessibility Campaign
Chair Lifts B.T.H.S.

Dear Mr. Hrycenko, Mr. Edwards and Brick Township Board of Education,

The PTSA has \$17,010.00 in our accessibility account for the purpose of helping to get two more chair lifts installed at B.T.H.S. making the school more accessible to the entire community.

We are proud to have had two chair lifts installed for the 2009-10 school year working with both the Board of Education, Brick Township Mayor Acropolis, the Town Council and receiving the state grant money for this project.

The PTSA will provide \$17,010.00 to the Brick Board of Education for the above stated purpose. The PTSA requests to be kept up to date on the amount of grant money received from the state and be reimbursed back to accessibility campaign any extra monies not needed for project.

Thank You in advance for your help and support. If you have any questions or concerns you may contact Terry DeCarlo at 732-920-2648 .

Sincerely,

Terry DeCarlo
B.T.H.S. PTSA President 2010-11
