Grant #: G5-4773
Total Project Cost: \$18,950

Dear Superintendent Hrycenko:

It is our understanding that your District has obtained approval from the Department of Education (the "DOE") for a school facilities project and has elected to receive a Section 15 Grant. It is also our understanding that the District has obtained the other required approvals which are preconditions to receiving a Section 15 Grant.

In order to receive a Section 15 Grant, the District must submit documentation which will enable the New Jersey Schools Development Authority ("NJSDA") to verify that all necessary approvals required for the Grant have been received. Paragraph 2.2 of the Section 15 Grant Agreement (the "Agreement") addresses these requirements. Upon verification of the necessary approvals and required documentation, the District shall enter into a contract which shall set forth the terms and conditions of the Agreement, including the terms of the disbursement of the State Share. For your reference, the Agreement will be sent to you via email.

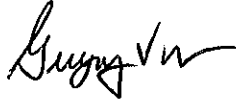

To facilitate the submission of these documents, attached is the Section 15 Grant Agreement Submission Checklist, which summarizes the requirements under Paragraph 2.2. **The Grant Agreement Submission Checklist, along with the accompanying documentation, must be returned to our office within 180 days from the date of this letter.**

Please note that this grant offer is based on the DOE Preliminary Eligible Cost (PEC) letter. When the District submits the Grant Agreement Submission Checklist items which include the DOE Final Eligible Cost (FEC) letter, SDA will be executing the Agreement based on the FEC letter.

Upon verification that all the documentation required by the Agreement has been provided, the NJSDA will execute the Agreement and the District's funding will commence.

Should you have any questions or require assistance, please contact Kashif Khan, Grant Analyst at 609-341-5906. We look forward to working with you on this project.

Sincerely,

ARTICLE I - BACKGROUND AND DEFINITIONS

1.1 Background

The "Educational Facilities Construction and Financing Act," P.L.2000, c.72 enacted on July 18, 2000 and amended on August 6, 2007 by P.L. 2007, c. 137 (the "Act"), establishes a comprehensive program (the "Program") for the design, renovation, repair and new construction of primary and secondary schools throughout the State. The Act was adopted by the Legislature in response to the New Jersey Supreme Court's decision in Raymond Abbott et al. v. Fred G. Burke, 153 N.J. 480 (1998) ("Abbott V"), which requires the State to provide certain educational infrastructure improvements in districts known as the "Abbott Districts" (defined in P.L.1996, c.138, C.18A:7F-3).

The Legislature provided for a Program covering not only the Abbott Districts, but all school districts in the State. The Act was amended in 2007 to bring about certain reforms to the Program.

The Development Authority was created effective August 6, 2007 as successor to the New Jersey Schools Construction Corporation, pursuant to Section 3 of P.L. 2007, c. 137 (C.52:18A-237). Under the Act, the Development Authority is required to construct all of the school facilities projects in the Abbott Districts, and administer grants to assist in the funding of school facilities projects for districts other than Abbott districts pursuant to Section 15 of the Act. Pursuant to Section 15, the "State Share" payable to the district shall equal the product of the project's "Final Eligible Costs" (as hereinafter defined) and the "District Aid Percentage" (as hereinafter defined) or 40%, whichever is greater. The State Share shall be funded either from the proceeds of bonds issued by the New Jersey Economic Development Authority ("Financing Authority") pursuant to the Act or from monies appropriated to the Financing Authority from the General Fund pursuant to the Annual Appropriations Act. The funding of the State Share shall not commence until the district secures financing for the "Local Share" (as hereinafter defined).

Section 15 further provides that the Development Authority and a school district shall enter into an agreement setting forth, in addition to other requirements and conditions, the terms of the disbursement of the State Share. This Agreement is being entered into by the District and the Development Authority pursuant to N.J.S.A.18A:7G-15.

The parties hereby agree as follows:

(A) The Development Authority and the Financing Authority do not make any warranties or representations, either express or implied as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the School Facilities Project or any portion thereof or any other warranty or representation with respect thereof.

(B) In no event shall the Development Authority or the Financing Authority or their agents be liable or responsible for any incidental, indirect, special or consequential damages in connection with or arising out of this Agreement, or the School Facilities Project or the existence, furnishing, functioning or use of the School Facilities Project or any item or products or services provided for in this Agreement.

(C) During the Term, to the fullest extent permitted by law, and as set forth fully in Section 5.5, the District shall indemnify and hold the Development Authority and the Financing Authority harmless from and against, and the District shall pay any and all liability, loss, cost, damage, claim, demand, judgment or reasonable expense of any and all kinds or nature and, however arising, or claimed to arise, that the Development Authority or the Financing Authority may sustain, be subject to or be caused to incur by reason of any claim, suit or action based upon personal injury, death, or damage to property, whether real or personal or upon or arising out of Contracts entered into by the District, or arising out of the acquisition, construction, installation, operation or closure of the School Facilities Project.

4.11.2 It is mutually agreed by the District, the Development Authority, and the Financing Authority that neither the Development Authority nor Financing Authority nor its members, officers, agents, servants, or employees shall be liable for any action performed under this Agreement, and the District shall hold such individuals harmless from any claim or suit or whatever nature resulting therefrom.

This Section 4.11 shall survive the termination of this Agreement.

4.12 No Untrue Statements

Neither this Agreement, nor any other document, certificate or statement related to this Agreement or the School Facilities Project, furnished to the Development Authority, the Financing Authority, the Commissioner, DCA or the Department by the District either (i) contains any untrue statement of a material fact or (ii) omits a material fact necessary to make the statements contained within this Agreement, document, certificate or other statement not misleading or incomplete.

4.13 Continuing Representations

The representations of the District contained herein shall be true at the time of execution of this Agreement and shall be true at all times during the Term.

ARTICLE V - COVENANTS OF THE DISTRICT

5.1 Preservation of Existence

In accordance with applicable law, the District shall at all times relevant to this Agreement, preserve and maintain its existence, comply with all laws applicable to the District and obtain and maintain in effect all approvals or authorizations of any government or governmental department, agency or authority that may at any time be required by or necessary to the performance of its obligations hereunder or under any other agreements or instruments material to this Agreement and the School Facilities Project and take all necessary and lawful action to ensure that such obligations shall be fully assumed by any governmental entity that may succeed to the functions, duties or responsibilities of the District by operation of law and by any entity that may at any time legally act in place of the District.

5.2 Compliance with Requirements

The District agrees that it shall comply with all applicable Requirements and written policies now or hereafter in effect and maintain in effect all approvals or authorizations of any Governmental Authority that may at any time be required by or necessary to the performance of its obligations hereunder or under any other agreements or instruments material to this Agreement and the School Facilities Project.

5.3.1.1 They shall have the right, at all reasonable times and upon prior notice, to enter upon and examine, inspect and audit the School Facilities Project but shall not be required to do so if in their sole judgment such notice and times cannot be provided and to make any copies or abstracts of any document, record or account.

5.3.1.2 They shall have the right to make any copies or abstracts of any document, record or account relating to the School Facilities Project.

5.3.1.3 They may engage the services, from time to time, of a construction management firm to assist the Development Authority in monitoring the School Facilities Project, in which case, such firm(s) shall have the right to enter upon and examine, inspect and audit the School Facilities Project at reasonable times, upon reasonable notice and at the Development Authority's and/or the New Jersey State Police's cost.

5.3.2.1 The District's bid specification for any work on the School Facilities Projects shall state and all Contracts awarded by the District in connection with the School Facilities Project shall state that the Development Authority, the Financing Authority, the New Jersey State Police, the Department, the DCA and the DOL and their duly authorized agents may, at their discretion and cost, investigate, audit, examine and inspect the activities, documents, work product arising from audits, records and accounts (pertaining to the School Facilities Project) of the District and all other parties involved with the School Facilities Project.

5.3.2.2 The District shall keep those records and accounts and shall require all Contracted Parties to keep those records and accounts for the School Facilities Projects as necessary in order to evidence compliance with the Act, the PSCL, this Agreement, the Department Regulations and all other Requirements.

5.3.2.3 The District and the Contracted Parties shall submit to the Development Authority, the Financing Authority, DCA, the New Jersey State Police or their agents, at their request, such certifications, documents, reports and information related to the School Facilities Projects, this Agreement and other applicable State laws and regulations as may be required.

5.3.2.4 The District shall include in all Contracts a provision requiring Contracted Parties to permit the Development Authority, the Financing Authority, DCA and the New Jersey State Police and their agents to investigate, audit, examine and inspect in such manner and at such times as the Development Authority, the Financing Authority and the New Jersey State Police deem necessary and requiring them to furnish facilities for such access, inspection and document reproduction.

5.3.2.5 The District or the Contracted Parties, as the case may be, shall furnish facilities for such access, inspection and document production.

5.4. Record Retention

5.4.1 Financial records, supporting documents, and all other records of the District and the Contracted Parties which relate in any way to the School Facilities Project and/or to the Grant shall be retained during the Term of the Agreement and for ten (10) years after Closeout, provided however, if any litigation, claim or audit relating to the School Facilities Project and/or to the Grant is commenced prior to the Expiration, such records and documents shall be retained until all litigation, claims or audit findings involving the records have been resolved.

5.4.2 The Financing Authority or the Development Authority may request transfer of certain records to its custody from the District and the Contracted Parties for a maximum period of ten (10) years after the Expiration Date in the event that the Financing Authority or the Development Authority determines, at their discretion, that such records possess long-term retention value. The Financing Authority and the Development Authority will make arrangements with the District and the Contracted Parties to reproduce or share retention, at the Financing Authority's and/or the Development Authority's expense, of any records that are continuously needed for joint use.

5.5 Release and Indemnification

5.5.1 To the fullest extent permitted by law, the District shall indemnify, protect, defend and save harmless the Development Authority, the Financing Authority and their agents, servants, officers and employees from and against any loss, damage, injury, cost or expense, and from and against any claim, demand, liability, lawsuit, judgment, action or other proceeding arising or claimed to arise from, in connection with, or as a result of the acts or omissions of the District, its agents, servants, officers, employees, Contracted Parties or any other person at the District's request, subject to its direction or on its behalf, or arising or claimed to arise from, in connection with or as a result of this Agreement, or arising or claimed to arise from, in connection with, or as a result of the acquisition, construction, installation, ownership, operation or closure of the School Facilities Project.

The District shall not assert any defense that would be available to the Development Authority or the Financing Authority but not to the District, whether arising pursuant to the New Jersey Tort Claims Act or otherwise, without having first obtained the written approval of the State Attorney General.

The provisions of this Section 5.5 shall survive the Expiration or Termination of this Agreement.

5.6 Exclusion of Interest from Federal Gross Income and Compliance with Code

The District covenants and agrees that it shall not take any action or omit to take any action that would result in the loss of the exclusion of the interest on any Financing Authority Bonds from Federal gross income for purposes of Federal income taxation as that status is governed by Section 103(a) of the Code. The provisions of this Section 5.6 can be amended by the Financing Authority in its sole discretion at any time upon the advice of Bond Counsel. The District shall submit information at the times and in the manner as may be required by Bond Counsel, from time to time. Without limiting the generality of the preceding sentences, the District covenants and agrees to comply with the restriction on private use of the State Share funded School Facilities Project. The limitations on private use are set forth in Appendix I to this Agreement. This Section 5.6 and Appendix I shall survive the expiration or termination of this Agreement.

5.7 Insurance

The following minimum types and levels of insurance shall be maintained in force and effect for the Term and for the life of the School Facilities Project (except that the Builder's Risk insurance shall be required only until Closeout). These coverages shall be maintained either through insurance policies from insurance companies licensed to do business in the State and rated as A- or better as determined by A.M. Best Company or through formal, fully funded self-insurance programs authorized by law and acceptable to the Development Authority. All policies shall incorporate a provision requiring the giving of written notice to the Development Authority by certified mail, return receipt requested, at least thirty (30) days prior to the cancellation or non-renewal of any such

policies. Unless current documentation is already on file with the Development Authority, the District must submit certificates of insurance showing the full amount of coverage in force, documentation of self-insurance, or both to the Development Authority. No payments shall be made under this Agreement until acceptable documentation of insurance coverage is received. *The minimum required coverages are:*

5.7.1 **Professional Liability Insurance (Errors & Omissions)**

When the District engages or causes to be engaged a Consultant to perform services that are commonly the subject of professional liability insurance, such coverage shall be required, retroactive to the effective date of the Consultant contract, covering any and all bodily injury and property damage arising from the work there under in an amount not less than \$1 million per claim. Such coverage must be maintained for a period of five (5) years after the date of final payment by the Development Authority under the pertinent contract or, or if said coverage is not commercially available for such term, then for such shorter period of time as such insurance is commercially available.

5.7.2 **Commercial General Liability Insurance**

The District and all Contracted Parties must maintain Commercial General Liability Insurance, covering any and all bodily injury and property damage arising out of or in connection with the work performed hereunder. The policy shall include coverage for contractual liability, products/completed operations, explosion, and collapse and underground operations in an amount not less than \$1million. The policy shall name the State, the Department, the Development Authority and the Financing Authority as additional insureds.

The District must maintain Commercial General Liability Insurance, together with such excess coverage or umbrella coverage with the same terms and conditions as the underlying coverage, in an amount such that the District's commercial general liability insurance and excess/umbrella equals \$5 million. The policy shall name the State, the Department, the Development Authority and the Financing Authority as additional insureds.

5.7.3 **Worker's Compensation Insurance**

The District and all Contracted Parties must maintain Worker's Compensation Insurance, in accordance with the laws of the State and any other jurisdiction required to protect employees of the District and any and all Contracted Parties, who will be engaged in the performance of the work hereunder:

- | | |
|--------------------------|-------------------------|
| A. WORKER'S COMPENSATION | Statutory |
| B. EMPLOYER'S LIABILITY | \$500,000 each accident |

5.7.4 **Builder's Risk Insurance**

The District and/or the general Contractor who has overall contractual responsibility for delivering all of the construction services needed to complete the School Facilities Project must maintain Builder's Risk Insurance, providing coverage for all risk of physical loss or damage to the property described hereunder in an amount equal to the completed value of the work contracted herein and furnished under Construction Contracts for the School Facilities Project; excepting excavations, foundations and other structures customarily excluded by such insurance. The policy shall name the State, the Department, the Development Authority and the Financing Authority as loss payee as their interests may appear.

5.7.5 Comprehensive Automobile Liability Insurance

The District and all Contracted Parties must maintain Comprehensive Automobile Liability Insurance, including coverage for any and all owned, non-owned, hired or borrowed vehicles, covering bodily injury and property damage. Such coverage shall be in the amount of \$1,000,000 combined single limit. The policy shall name the State, the Department, the Development Authority and the Financing Authority as additional insureds.

5.8 Performance and Payment Bonds

The District shall require the provision of performance bonds or other security pursuant to N.J.S.A. 18A:18A-25.

5.9 Bid Guarantee

The District shall require that all bidders submit with their bids an unconditional certified check, cashier's check, or bid guarantee in an amount of ten percent (10%) of the bidder's base bid, but not in excess of \$20,000. Such bid guarantee serves as a guarantee that, should a bidder's bid be accepted, the bidder will execute and comply with the Contract.

5.9.1 Within ten (10) days after delivery to the District of a Contract executed by the selected bidder, together with all other items that may be required to be submitted therewith, the District shall return the bid guarantee to each unsuccessful bidder.

5.9.2 If the selected bidder fails to execute the Contract or to provide all guarantees, insurance and other items required, the funds represented by such bidder's bid guarantee shall be released to the District and become and remain the property of the District. Delivery of the bid guarantee constitutes the agreement of the bidder and the surety or other entity that issued the bid guarantee that such amount shall be released to the District in such event.

5.9.3 All bid guarantees must be issued by a surety licensed to issue such guarantees in the State and must be acceptable to the District and the Development Authority. Certified or cashier's checks shall be drawn on a state or national bank rated "A" by at least two nationally recognized rating agencies. Checks shall be made payable to the District.

5.10 Certifications

The District shall require all Contracted Parties to enter into certifications at the times prescribed in this Section 5.10: the Design Consultant, upon award of its Contract in the form attached hereto as Exhibit E-1, at Substantial Completion in the form attached hereto as Exhibit G-2 and again at Final Completion in the form attached to the Final Completion Checklist attached hereto as Exhibit D; any other Consultants upon award of their Contracts; the Contractors upon award of their Contracts in the form attached hereto as Exhibit E-2; the School Business Administrator, upon submission of the Eligibility Checklist, attached hereto as Appendix III, along with the School Business Administrator Certification, attached hereto as Appendix V, at construction completion stages identified in the Disbursement Schedule, at Substantial Completion in the form attached hereto as Exhibit G-1 and at Final Completion in the form attached hereto as Exhibit D.

5.11 Right of Entry

Notwithstanding anything else to the contrary, the School District hereby grants to the Development Authority, the Financing Authority, the Department, the New Jersey State Police, and their duly authorized agents, a non-exclusive, non-transferable right to enter upon, inspect and monitor, the School Facilities Project for the purposes set forth in this Agreement upon reasonable notice, at reasonable times and without cost to the District.

5.12 Costs

If the cost to complete the School Facilities Project exceeds the Total Costs computed at the time of determination of Final Eligible Costs, the District shall be responsible for funding any such additional costs or reducing the scope of the School Facilities Project with the approval of the Department and the State; and the Financing Authority and the Development Authority shall have no liability therefore whatsoever.

ARTICLE VI - SUSPENSION, TERMINATION, APPEALS, CLOSEOUT

6.1 Events of Default

6.1.1 If any of the following events occur, it is hereby declared to be and shall constitute an “Event of Default” under this Agreement.

(A) Failure by the District to observe and perform any duty, covenant, condition or agreement on its part to be observed or performed under this Agreement, which failure shall continue for a period of thirty (30) days after receipt of written notice specifying such failure and requesting that it be remedied is given to the District by the Development Authority, unless the Development Authority shall agree in writing to an extension of such time prior to its expiration, provided, however, that if the failure stated in such notice is correctable but cannot be corrected within the applicable period, the Development Authority may not unreasonably withhold its consent to an extension of such time up to one hundred twenty (120) days from delivery of the written notice referred to above or if corrective action is instituted by the District within the applicable period and diligently pursued until the Event of Default is corrected.

(B) Any representation made by or on behalf of the District contained in this Agreement, or in any instrument furnished in compliance with or with reference to this Agreement or the Grant, is false or misleading in any material respect.

(C) A determination is made by the Development Authority that (i) the Grant was obtained by fraud; or (ii) gross abuse or corrupt practices have occurred in the administration of the School Facilities Project by the District.

(F) The District has utilized Grant moneys for costs that are not Approved Costs.

(G) Work on the School Facilities Project has ceased without good cause as agreed to by the Development Authority. The term "good cause" shall include, but not be limited to, circumstances beyond the control of the District or any of the Contracted Parties such as fire, flood, riot or strike.

(H) The District has contracted with a Contractor or a Subcontractor in one of the four branches specified in N.J.S.A. 18A:18A-18 and such Contractor or Subcontractor has not been prequalified.

(I) The District has disbursed Grant monies to a debarred, suspended or disqualified firm.

(J) The District fails to permit the Development Authority, the Financing Authority, DCA or the New Jersey State Police entry or inspection as permitted by this Agreement.

6.1.2 Notice of Default The District shall give the Development Authority prompt written notice of the occurrence of any Event of Default referred to in Section 6.1.1 and of the occurrence of any other event or condition that constitutes an Event of Default at such time as any senior administrative or financial officer of the District becomes aware of the existence thereof.

6.1.3 Remedies Whenever an Event of Default as defined in Section 6.1.1 shall have occurred and be continuing, the Development Authority shall notify the Department and DCA and shall have the right to take one or more of the following remedial steps:

(A) Suspension. The Development Authority may upon notice to the District suspend this Agreement and withhold further payments and prohibit the District from incurring additional obligations of Grant funds pending corrective action by the District.

(B) Termination. The Development Authority may terminate this Agreement. The Development Authority shall promptly notify the District, in writing, of its determination and the reasons for the Termination together with the date on which the Termination shall take effect. The closeout procedures described in Section 6.5 shall apply.

(C) Repayment of Grant. The Development Authority may demand that an amount equal to the Grant received under this Agreement be immediately returned to the Development Authority and upon notice to the District, the same shall be immediately due and payable by the District and any costs to the Development Authority resulting from default by the District. Any moneys collected by the Development Authority pursuant to this Section 6.1.3 shall be applied, in order of priority, (i) first, to pay any amounts to be repaid to the Development Authority from the Grant; and (ii) second, to pay any attorneys' fees or other fees and expenses owed by the District pursuant to this Agreement.

(D) Withholding of Funds. The Development Authority may withhold, upon written notice to the District, Grant Disbursements or any portion thereof where it determines that a District has failed to comply with any provision of the Act, any condition of the Grant Agreement or any requirement of N.J.A.C. 19:32. The Development Authority may also release the Grant Disbursement but refer the matter to the Department for further action, which may include audit and/or a request to the Treasurer to withhold funds payable by the State from the

District.

(E) Assumption of Contracts. At the option of the Development Authority, in its sole discretion, the Development Authority may, without prejudice to any other rights or remedies, take assignment of any of the Contracts in order to complete the School Facilities Project and the District shall take whatever actions are necessary in order to ensure the proper assignment to the Development Authority of such Contracts.

(F) Fees and Expenses. The District shall on demand pay to the Development Authority the reasonable fees and expenses of attorneys and other reasonable expenses (including without limitation the reasonably allocated costs of in-house counsel and legal staff) incurred by the Development Authority in the collection of the repayment of the Grant or in the enforcement of performance or observation of any other duties, covenants, obligations or agreements, of the District upon an Event of Default under this Section 6.1.

6.2 Termination by Mutual Agreement

The Development Authority and the District may terminate this Agreement when both parties agree that the continuation of the School Facilities Project would not produce beneficial results commensurate with the further expenditure of funds. The Development Authority and the District shall agree upon the conditions for Termination including the date on which the Termination shall take effect. The closeout provisions specified in Section 6.5 shall apply.

6.3 Obligations at Own Risk

In the event that this Agreement is suspended and/or terminated pursuant to this Article VI, any obligations undertaken by the District after the Termination or the Suspension shall be paid for solely by the District and the Development Authority shall have no liability whatsoever for the payment thereof.

6.4 Other Remedies

The Development Authority may take whatever other action at law or in equity that may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder or to enforce the performance and observances of any duty, obligation, agreement or covenant of the District hereunder.

NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE DEVELOPMENT AUTHORITY, AND THE FINANCING AUTHORITY SHALL NOT BE LIABLE FOR THE CONSTRUCTION OF OR FAILURE TO CONSTRUCT, COMPLETE OR PROTECT THE SCHOOL FACILITIES PROJECT. FURTHER, THE DEVELOPMENT AUTHORITY, AND THE FINANCING AUTHORITY SHALL NOT BE LIABLE FOR PAYMENT OF ANY EXPENSES INCURRED IN CONNECTION WITH THE EXERCISE OF ANY REMEDY AVAILABLE TO THE DEVELOPMENT AUTHORITY OR THE FINANCING AUTHORITY OR FOR THE PERFORMANCE OR NON-PERFORMANCE OR ANY OTHER OBLIGATION OF THE DISTRICT.

6.5 Closeout Procedures

The Closeout of this Agreement shall mean the process by which the Development Authority determines that all applicable administrative actions and all required work have been completed by the District. This process shall include the steps enumerated below.

6.5.1 Upon payment pursuant to Section 2.3, in the event there are any Grant proceeds that have not been expended on Approved Costs, such unexpended Grant proceeds shall be released to the Development Authority and the amount of the Grant shall be reduced by the amount of the unexpended proceeds.

6.5.2 Any proceeds of School Bonds issued by the District for the purpose of funding the Local Share of the School Facilities Project that remain unspent upon completion of the School Facilities Project shall be used by the District to reduce the outstanding principal amount of the School Bonds either through i) redeeming the School Bonds at their earliest call date; or ii) applying such proceeds to payment of principal on the School Bonds as such principal becomes due as further set forth in N.J.A.C. 6A:26-4.6. In no event shall such proceeds be utilized to pay the interest expense on the School Bonds issued for any School Facilities Project.

6.5.4 In the event that a final audit has not been performed on behalf of the District prior to the Closeout of this Agreement, the Development Authority retains the right to recover any appropriate amount after fully considering any recommendation on disallowed costs resulting from the final audit.

6.5.5 The Development Authority retains the right to request any additional information from the District or its Consultants or Contractors necessary to close out this Agreement and may retain any final Grant amount not disbursed until the closeout procedures are completed to the satisfaction of the Development Authority.

6.6 Appeals

Pursuant to N.J.A.C. 19:32-1.17, appeals arising from decisions of the Development Authority may be requested in writing, and an opportunity given for any informal hearing on the papers, in person or via telephone with Development Authority staff. Such written request for an informal hearing must be made within 30 days of the receipt of the Development Authority's decision. In the event of any adverse decision after an informal hearing or if a District determines not to seek an informal hearing, and further, if the dispute or controversy is a contested case, as defined in N.J.S.A. 52:14B-2(b), a District may request, within 45 days of the written decision resulting from the informal hearing or the determination of the Development Authority if an informal hearing is not sought, a formal hearing.

APPENDIX I

Limitation On Private Use Of The School Facilities Project

APPENDIX I

LIMITATION ON PRIVATE USE OF THE SCHOOL FACILITIES PROJECT

1. Government Ownership. The School Facilities Project is or will be owned (or treated as owned for federal income tax purposes) by the District. The District will not sell, lease or otherwise dispose of the School Facilities Project in whole or in part to any person (including the federal government and including 501(c)(3) organizations) who is not a state or local government unit, prior to the last maturity date of the New Jersey Economic Developmental Authority bonds ("Financing Authority Bonds") without the express written consent of the NJEDA, which consent will not be granted unless the NJEDA obtains an approving opinion of bond counsel to the NJEDA to the effect that such proposed sale, lease or other disposition of the School Facilities Project will not cause interest on any NJEDA Bonds to become includable in gross income for federal income tax purposes.
2. Private Use Test. The School Facilities Project will not be used directly or indirectly in a trade or business carried on by a natural person, or in any activity carried on by a person other than a natural person, excluding use by a state or local governmental unit and use as member of the general public ("Private Use").
3. Definitions and Rules Relating to Private Use. For purposes of this Appendix to the Agreement, a Private Use consists of ownership or leasing of the School Facilities Project in whole or in part or any contract or other arrangement, including without limitation, leases, management contracts, incentive payment contracts, guarantee contracts, take or pay contracts, or put or pay contracts, which provides for an actual or beneficial use of the School Facilities Project by a person or persons (including the federal government) who are not state or local government units on a basis different from the general public or pursuant to which such person or person have special legal entitlements to use the School Facilities Project. Except as otherwise permitted by this Appendix, the District will not enter into any service contracts with any person or persons who are not state or local governmental units for services to be provided with respect to the School Facilities Project, except with respect to any permissible "management contract" wherein certain general rules described below are complied with. For purposes hereof, "management contract" means a management, service, or incentive payment contract between a qualified user and a service provider under which the service provider provides services involving all, a portion of, or any function of, a facility. "Qualified user" means a state or local government unit or an instrumentality thereof; qualified user includes the District. "Service provider" means any person other than a qualified user that provides services under a contract to, or for the benefit of, a qualified user.

General rules concerning permissible management contracts include the following:

1. The compensation paid to the service provider must be reasonable and no compensation may be based, in whole or in part, on a share of the net profits from the operation of the facility; reimbursement of the service provider for actual and direct expenses paid by the service provider to unrelated parties is not by itself treated as compensation.

2. Compensation based on (A)(i) a percentage of gross revenues or adjusted gross revenues (as defined below) of a facility or (ii) a percentage of expenses from a facility, but not both, (B) a capitation fee (as defined below), or (C) a per-unit fee (as defined below) is generally not considered to be based on a share of net profits.
3. A productivity reward equal to a stated dollar amount based on increases or decreases in gross revenue (or adjusted gross revenues), or reductions in total expenses (but not both increases in gross revenues (or adjusted gross revenues) and reductions in total expenses) in any annual period during the term of the contract, generally does not cause the compensation to be based on a share of net profits. "Adjusted gross revenues" means gross revenues of all or a portion of a facility, less allowances for bad debts and contractual and similar allowances.
4. If the compensation arrangements of a management contract are materially revised, the requirements for compensation arrangements are retested as of the date of the material revision and the management contract is treated as one that was newly entered into as of the date of the material revision.

Possible management contracts include the following:

4. Ninety-five percent (95%) periodic fixed fee arrangements, wherein at least ninety-five (95%) of the compensation for services for each annual period during the term of the contract is based on a periodic fixed fee. A "periodic fixed fee" means a stated dollar amount for services rendered for a specified period of time; the stated dollar amount may automatically increase according to a specified objective external standard that is not linked to the output or efficiency of a facility, e.g., the Consumer Price Index and similar external indices that track increases in prices in an area or increases in revenues or costs in an industry are objective external standards. Capitation fees and per-unit fees are not periodic fixed fees. A fee shall not fail to qualify as a periodic fixed fee as a result of a one-time incentive award during the term of the contract under which compensation automatically increases when a gross revenue or expense target (but not both) is reached if that award is a single stated dollar amount. The term of the contract, including all renewal options, must not exceed the lesser of eighty percent (80%) of the reasonably expected useful life of the financed property and fifteen (15) years.
5. Eighty percent (80%) periodic fixed fee arrangements, wherein at least eighty percent (80%) of the compensation for services for each annual period during the term of the contract is based on a periodic fixed fee. The rules pertaining to periodic fixed fees set forth in paragraph (A) above apply to this paragraph (B) as well. The term of the contract, including all renewal options, must not exceed the lesser of eighty percent (80%) of the reasonably expected useful life of the financed property and ten (10) years.

6. Fifty percent (50%) periodic fixed fee arrangements, wherein either at least fifty percent (50%) of the compensation for services for each annual period during the term of the contract is based on a periodic fixed fee or all of the compensation for services is based on a capitation fee or a combination of a periodic fixed fee and a capitation fee. A "capitation fee" is a fixed periodic amount for each person for whom the service provider or the qualified user assumes the responsibility to provide all needed services for a specified period so long as the quantity and type of services actually provided to covered persons varies substantially; e.g., a fixed dollar amount payable per month to a medical service provider for each member of a health maintenance organization plan for whom the service provider agrees to provide all needed medical services for a specific period. A capitation fee may include a variable component of up to twenty percent (20%) of the total capitation fee, designed to protect the service provider against risks such as catastrophic loss. The term of the contract, including all renewal options, must not exceed five (5) years. The contract must be terminable by the qualified user on a reasonable notice, without penalty or cause, at the end of the third year of the contract term.
7. Per-unit arrangements, wherein all of the compensation for services is based on a per-unit fee or a combination of a per-unit fee and a periodic fixed fee. A "per-unit fee" means a fee based on a unit of service provided specified in the contract or otherwise specifically determined by an independent third party or the qualified user. For example, a stated dollar amount for each specified medical procedure performed, car parked or passenger mile is a per-unit fee; separate billing arrangements between physicians and hospitals generally are treated as per-unit fee arrangements. The term of the contract, including all renewal options, must not exceed three (3) years. The contract must be terminable by the qualified user on reasonable notice, without penalty or cause, at the end of the second year of the contract term.
8. Percentage of revenue or expense fee arrangements, wherein all of the compensation for services is based on a percentage of fees charged or a combination of a per-unit fee and a percentage of revenue or expense fees. During the start up period, however, compensation may be based on a percentage of either gross revenues, adjusted gross revenues or expenses of a facility. The term of the contract, including renewal options, must not exceed two (2) years. The contract must be terminable by the qualified user on reasonable notice, without penalty or cause, at the end of the first year of the contract term. This type of contract is permissible only with respect to contracts under which the service provider primarily provides services to third parties (e.g., radiology services to patients), and management contracts involving a facility during an initial start up period for which there have been insufficient operations to establish a reasonable estimate of the amount of the annual gross revenues and expenses (e.g., a contract for general management services for the first year of operations).

The following definitions apply for the purposes of the foregoing paragraphs:

"Renewal option" means a provision under which the service provider has a legally enforceable right to renew the contract. Thus, for example, a provision under which a contract is automatically renewed for one-year periods absent cancellation by either party is not a renewal option, even if it is expected to be renewed.

"Penalties" for terminating a contract include a limitation on the qualified user's right to compete with the service provider, a requirement that the qualified user pay liquidated damages for cancellation of the contract. A requirement effective on cancellation that the qualified user reimburse the service provider for ordinary and necessary expenses or a restriction on the qualified user against hiring key personnel of the service provider is generally not a contract termination penalty. Another contract between the service provider and the qualified user, such as a loan or guarantee by the service provider, is treated as creating a contract termination penalty if that contract contains terms that are not customary or arm's length, that could operate to provide the qualified user from terminating the contract (e.g., provisions under which the contract terminates if the management contract is terminated or that place substantial restrictions on the selection of a substitute service provider).

The following additional requirement applies to permissible management contracts:

The service provider must not have any role or relationship with the qualified user that, in effect, substantially limits the qualified user's ability to exercise its rights, including cancellation rights, under the contract, based on all the facts and circumstances. This requirement is satisfied if (i) not more than twenty percent (20%) of the voting power of the qualified user in the aggregate is vested in the service provider and its directors, officers, shareholders and employees; (ii) overlapping board members do not include the chief executive officers of the service provider or its governing body or the qualified user or its governing body; and (iii) the qualified user and the service provider under the contract are not related parties.
