Attn: Mr. James Edwards, Business Administrator
Re: **Brick Township High School Science Room Upgrades**

Dear Mr. Edwards,

Design Resources Group Architects is proud to present the following proposal for Architectural services related to **Brick Township High School Science Room Upgrades**. It is our understanding that the Brick Township Public School District has approximately \$2.4 million dollars available for the rehabilitation of all of the science labs / classrooms in the high school. We will assume approximately \$400,000 for soft costs associated with the scope, leaving \$2.0 million for the actual construction cost (CCE).

Scope of service includes the following:

- Interview appropriate BTHS representatives, confirm goals and objectives**
- Provide schematic design for submission to the NJDOE**
- Expedite the DOE paper work NJDOE application**

Based on our agreement under the Architect of Record contract:

Projects with costs up to \$2 million
Renovations to existing facilities
2010 – 2011 shall be 7%

Total Fee (TF)
\$2,000,000 (CCE) x 7% = \$140,000

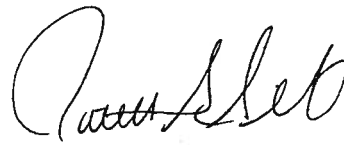

Fee percentages shall be billed in accordance with the completion at the applicable percentage of the phase. In accordance with the contract, schematic design percentage is 10%.

Schematic Design Fee Proposal

\$140,000 (TF) x 10% = **\$14,000**

If you have any questions, please do not hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick S. Seiwell". The signature is fluid and cursive, with the first name being the most prominent.

Patrick S. Seiwell
