## Description of Services

**Individual Name:** \_\_\_\_\_

**Staff to Individual Ratio:** 1:2 , 1 individual to 2 staff

**Staffing:** The selected therapists for this program will work direct hours with Austin from 9:00am to 3:00pm in his home, and from 3:00pm to 6:00pm within a designated community integration program site. A certified teacher will be required to assist during 10 hours per week of the in home service. A BCBA will also be available for program oversight four hours per week. All staff members of NH/ABC are extensively trained in the areas of providing behavior supports in various environments. Any other support service staff such as occupational therapists, and speech therapists can be brought into the home dynamic if deemed appropriate by the school district. These services will be the responsibility of the school district.

### I. Services to be Provided:

**Daily living skills:** Includes all personal needs, academic generalization, community integration, socialization training and peer relations.

**Academic Skills:** All academic needs will be identified within \_\_\_\_\_ .EP and will be conducted during the in home direct service hours.

**Behavioral strategies and interventions:** Including data collection on all maladaptive behaviors, evaluations of appropriate behavior reduction strategies, selection of strategies, implementation and maintenance of plan.

**Motivational system development and implementation:** Including reinforcement survey, motivation system and implementation.

**Parental training:** Parent training is available which will cover all aspects of program development. The total number of hours will be at the discretion of the District's Administrator.

**Transportation:** All transportation needs during service hours will be provided by Applied Behavioral Concepts.

## **II: Preparing Functional Programming : Activity Schedule and Training Philosophy Overview:**

During the initial weeks of service, a full assessment of daily living and academic needs will be assessed. A schedule of activities will be designed to meet \_\_\_\_\_ needs. A formal activity schedule will be designed including pictorial and written cues and will be manipulated to insure appropriate learning and growth. All programs will utilize teaching methodologies associated with Applied Behavior Analysis including discrete trial, fluency based instruction, incidental teaching and natural environment training.

**Motivational System:** A formal preference assessment will be completed as the initial step in creating a reinforcement/motivational system. Once the most valuable rewards are determined, the system will be designed to enhance \_\_\_\_\_ learning environment. This system will incorporate learning strategies paired with reward to create a higher level of motivation.

**Behavioral Strategies:** A functional behavioral assessment will be completed within the first couple weeks of service. Initially we will focus on increasing the motivational environment, which is positive in nature. We will work towards developing other, more intrusive methods of intervention if it appears the motivational interventions are not working for \_\_\_\_\_. All behavior plans will be presented to Brick Township for approval prior to implementation.

**Parental Training:** During scheduled and approved sessions we will encourage the parents to take a step back and observe how we implement strategies. We will then bring them into the learning environment so they can learn firsthand how to promote consistency and maintenance of skills from the center environment to the home environment.
