New Jersey Statutes and Regulations of the State Board of Education require the Board of Education to provide certain services and supplies to those New Jersey children whose parents enroll them in nonpublic schools within the confines of the district. Out-of-state pupils enrolled in nonpublic schools within the district are not included.

Nursing Services

The Board of Education shall, within the funding limitations as determined by the state's appropriations and nonpublic school enrollment, provide the mandated nursing services for pupils enrolled full-time in nonpublic schools located within the district. The district shall not be required to make expenditures for purposes of this act in excess of the amount of state aid received for these purposes.

Federal Requirements

All requirements of federal law shall be complied with, particularly those addressed in provision of Title I program services, and IDEA.

Implementation

Therefore, the Superintendent of Schools shall develop rules, regulations and procedures for the efficient and economical delivery of such services and supplies as are mandated by law. Wherever possible, already existing means and procedures for delivering those same supplies and services to the pupils attending the district's public school shall be utilized.
