### EVALUATION OF TEACHING STAFF MEMBERS

The Brick Township Board of Education believes that the effective evaluation of teaching staff is essential to the achievement of the educational goals of this district, including student achievement of the New Jersey Student Learning Standards. The purpose of this evaluation shall be to promote professional excellence and improve the skills of teaching staff members; improve student learning and growth; and provide a basis for the review of staff performance.

The board is committed to establishing educator evaluation rubrics for the evaluation of teaching staff members' effectiveness to further the development of a professional corps of State educators and to increase student achievement. The district evaluation system shall facilitate:

- A. Continual improvement of instruction;
- B. Meaningful differentiation of educator performance using four performance levels;
- C. Use of multiple valid measures in determining educator performance levels, including objective measures of student performance and measures of professional practice;
- D. Evaluation of educators on a regular basis;
- E. Delivery of clear, timely and useful feedback, including feedback that identifies areas for growth and guides professional development; and
- F. District personnel decisions.

#### Definitions

For the purpose of this board policy on teacher evaluation "teaching staff member" means a member of the professional staff holding office, position, or employment of such character that the qualifications for such office require him or her to hold a valid, effective, and appropriate standard, provisional, or emergency certificate issued by the State Board of

Examiners. Teaching staff members include the positions of school nurse and school athletic trainer. There are three different types of certificates that teaching staff members work under:

- A. An instructional certificate (holders of this certificate are referred to in this chapter as “teachers”);
- B. Administrative certificate; and
- C. Educational services certificate ([N.J.A.C. 6A:9-2.1](#)).

This definition of teaching staff member includes certified staff positions that have instructional responsibilities as well as certified staff positions that have no instructional responsibilities. Some examples of teaching staff member positions without instructional responsibilities include supervisor, director, school nurse, athletic trainer, principal, vice-principal, student assistance counselor, school psychologist, and guidance counselor.

It is important to note that there are different requirements in this policy and in the law for the training, observation and observation conferences of classroom teachers with instructional responsibilities and those certified staff members who have no instructional responsibilities. This also includes differences in the educational rubrics adopted by the board and approved by the commissioner. The requirements of this policy and law for other aspects of teacher evaluation apply to staff with and without instructional responsibilities (teaching staff members) including reports, personnel records, professional development plans and corrective action plans.

No collective bargaining agreement or other contract entered adopted after July 1, 2013 shall conflict with the educator district's evaluation system. Each teacher shall be guided by an individualized professional development plan (PDP), which shall include at least 20 hours per year of qualifying activities. The 20-hour annual requirement shall be based on the length of full-time

employment and reduced by a pro rata share reflecting part-time employment, or an absence, including the use of family or medical leave.

The content of each PDP shall be developed by each teacher's supervisor in consultation with the teacher and shall align with the Professional Standards for Teachers in [N.J.A.C. 6A:9-3](#) and the Standards for Professional Learning in [N.J.A.C. 6A:9C-3.3](#). The individual PDP shall be effective for one year and shall specify, at a minimum:

- A. One area for development of professional practice derived from the results of observations and evidence accumulated through the teacher's annual performance evaluation;
- B. One area for development of professional practice derived from individual, collaborative team, school, or school district improvement goals.

Evidence of progress toward meeting the requirements of the teacher's individual PDP may be provided by the teacher and/or his or her supervisor, and shall be reviewed as part of each annual summary conference.

All teachers governed by the professional development requirements shall have an individual PDP within 30 instructional days of the beginning of their respective teaching assignments. A teacher's individual PDP goals may necessitate more than the recommended minimum requirements of 20 hours of professional development annually. Additional hours of qualifying experiences may be required for teachers in low-performing schools, as determined by the Commissioner.

A teacher's individual PDP goals may necessitate more than the recommended minimum requirements. The PDP shall accommodate additional professional development as necessary. Additional hours of qualifying activities may be required for teachers in low-performing schools, as determined by the commissioner.

The board of education shall ensure that all teachers receive the necessary opportunities, support, and resources to engage in ongoing professional learning and to complete the requirements of their respective PDPs.

#### Corrective Action Plans for Teaching Staff Members

When a teaching staff member is rated ineffective or partially effective on the annual summative evaluation, as measured by the evaluation rubrics, a corrective action plan shall be developed by the teaching staff member and the superintendent or the teaching staff member's supervisor.

"Corrective action plan" means a written plan developed by a teaching staff member serving in a supervisory capacity in collaboration with the teaching staff member to address deficiencies as outlined in an evaluation. The corrective action plan shall include timelines for corrective action, responsibilities of the individual teaching staff member and the school district for implementing the plan, and specific support that the district shall provide.

When the summative evaluation rating is calculated before the end of the school year, the teacher and supervisor shall meet to develop and discuss the corrective action plan prior to September 15 of the following school year. The conference to develop and discuss the corrective action plan may be combined with the teaching staff member's annual summary conference that occurs at the end of the year of evaluation.

When the ineffective or partially effective summative evaluation rating is received after the start of the school year following the year of evaluation, then the teacher and his or her designated supervisor shall meet to develop and discuss the corrective action within 15 teaching staff member working days following the district's receipt of the summative rating.

The content of the corrective action plan shall replace the content of the individual professional development plan until the next annual summary conference.

The content of the corrective action plan shall:

- A. Address areas in need of improvement identified in the educator evaluation rubric;
- B. Include specific, demonstrable goals for improvement;
- C. Include responsibilities of the evaluated employee and the school district for the plan's implementation; and
- D. Include timelines for meeting the goal(s).

The teaching staff member's supervisor, or his or her designee, and the teaching staff member on a corrective action plan shall discuss the teaching staff member's progress toward the goals outlined in the corrective action plan during each post-observation conference that is required by the district evaluation policies and procedures.

Progress toward the teaching staff member's goals outlined in the corrective action plan shall be documented in the teaching staff member's personnel file and reviewed at the annual summary conference or the mid-year evaluation, when applicable. Both the teaching staff member on a corrective action plan and his or her designated supervisor may collect data and evidence to demonstrate the teaching staff member's progress toward his or her corrective action plan goals..

Progress toward the teaching staff member's goals outlined in the corrective action plan may be used as evidence in the teaching staff member's next annual summative evaluation; however, such progress shall not guarantee an effective rating on the next summative evaluation.

Responsibilities of the evaluated employee on a corrective action plan shall not be exclusionary of other plans for improvement determined to be necessary by the teaching staff member's supervisor.

#### Mid-Year Evaluation of the Corrective Action Plan

The School Improvement Panel shall ensure teachers with a corrective action plan receive a mid-year evaluation. If the corrective action plan was created on or prior to September 15 of the academic year, the mid-year evaluation shall occur before February 15. If the corrective action plan was created after September 15, the mid-year evaluation shall occur before the annual summary conference. The mid-year evaluation shall include, at a minimum a conference to discuss progress toward the teacher's goals outlined in the corrective action plan. The mid-year evaluation conference may be combined with a post-observation conference.

The School Improvement Panel shall ensure teachers with a corrective action plan receive one observation, including a post-observation conference, in addition to the observations required as part of the teaching staff member evaluation process. The superintendent or principal shall determine the length of the additional observation. Tenured teachers with a corrective action plan shall be observed by multiple observers.

#### Implementation

This policy and related procedures shall be reviewed at least yearly, and any necessary revisions made before readoption by the board.

The board shall ensure that the superintendent notifies each teaching staff member of the board adopted evaluation policies and procedures no later than October 1. If a staff member is hired after October 1, the teaching staff member shall be notified of the evaluation policies and procedures at the beginning of his or her employment. All teaching staff members shall be notified of amendments to the policy within 10 working days of adoption.
